This amendment is being filed to correct a typographical error made in the original Form 8-K filing. With regard to the authorization of the Board of Directors to effect a reverse stock split of the Company's common stock, the correct ratios are "not less than 1-for-10 and not more than 1-for-150." The Board of Directors has not made any determination as to whether or not a reverse stock split is to be effected or as to any ratio that would be set if the Board of Directors determines to effect a reverse stock split.
